### SFI UNITED FEDERATION OF PLANETS EMBASSY AWARD

Awarded on an as needed basis.

Subsequent devices to be issued for each additional award.

Issuing Authority: Commander SFSO

### SFI JOINT SERVICE AWARD

This award is given to SFI Members for participation in events with other Science Fiction oriented fan organizations, to include other Star Trek-related fan organizations other than SFI. This may be cooperative or competitive and must be done while obviously participating as a STARFLEET member.

In the case of the United States, this includes the Marine Corps, Navy, Army, Air Force, Coast Guard and Space Force. It does not include the Merchant Marine or service auxiliaries like the Civil Air Patrol. It does include the Reserve Officer Training Courses (such as ROTC), or similar organizations. The member must have completed two years of service and summer camp (basic training, MS3) for the United States Armed Services. Other countries' qualifying service will be authorized on an as needed basis. This award may be worn at the same time as the Cadet Legion of Arms if the wearer has qualified to wear both awards. ### RECRUITING RIBBON and MASTER RECRUITING AWARD

Recruiting is very much a part of STARFLEET Special Operations. It is how the organization grows, and therefore special recognition is bestowed on those who take the time to help the Special Operation's membership grow.

The Special Operations Recruiting Ribbon is awarded to an Operative who successfully recruits ten members into Special Operations.

If an Operative has been particularly successful in recruiting and has successfully recruited 30 individuals into the Special Operations, they are authorized the Master Recruiting Ribbon.

To be eligible for this award, an Operative must submit a list of the members that they have successfully recruited (see below for criteria) to the Assistant Deputy Director (Operations), who upon verification will certify to the Special Operations Director that the nominee is responsible for recruiting the names submitted, if the recruit in question has appeared on any Special Operations roster prior to recruitment and that the required retention time has been met. The list must include the name, SCC numbers, the date joined STARFLEET and the date on which the individual joined the Special Operations by changing their affiliation in the STARFLEET Database.

A recruit is considered successfully recruited if:

- 1) An individual who is not a member of both STARFLEET and the Special Operations, joins STARFLEET and elects to be a member of the Special Operations by changing the affiliation option in the STARFLEET Database to Special Operations and subsequently renews their membership at the end of their first year. However, these individuals must not have appeared on any Special Operations SOU roster prior to their selection to count toward satisfying the total number of recruits required. Individuals who have been listed on Special Operations SOU rosters in the past will not be counted.
